

# Mission to Ukraine

*Administrative ministry*

April 13, 2010

*We serve the spiritual, emotional, and physical needs of women with crisis pregnancies, and their children, children with special needs and their families, and orphans in Ukraine with the love of Christ.*

## Cocoa is Shocked!.. or

## Inconceivable Becomes Possible!

What a shock for our canine mascot, Cocoa!

She's been peacefully living in the Mission to Ukraine yard for three years and then one morning wakes up to a huge excavator digging in the asphalt, while large trucks bring in crushed stone. The massive machines surprised and delighted our kids with disabilities who watched through the window some unusual vehicles passing by while they studied their lessons. What does all this mean?

### Beauty for Ashes

This activity marks the beginning of our 'Beauty from Ashes' project, the construction of our multipurpose playground on the messy piece of land adjacent to Mission to Ukraine's Zhitomir facility.

### Vision Incarnates

In our December 10 2009 newsletter we shared our vision

Project

Cocoa

for a three season yard complete with sheltered meetings areas, raised garden beds, open play areas, and handicapped accessible playground equipment that would enable us to expand our ministry and reach out to more people. What a joy to see our vision coming true so soon. The construction is scheduled to be completed by June 2010 in time for the summer day camps - a very short time from the human standpoint and plenty of time to see God's power displayed.

### Inconceivable Becomes Possible

Hallelujah to the Almighty God for His continuing provision of funds for the project, His guidance in hiring the builders, and His support through the local pastors.

We are grateful to Him for all people involved in this project by prayers, donations, and physical help.

### Current Needs:

Prayers

~ for MTU administration to have wisdom and guidance from God to manage the construction.

~ for the Lord to bless the builders with enthusiasm and safety.
